

# (7) SEVEN QUESTIONS THAT RATTLE IN THE MINDS OF MOST MEN

## SESSION 6

Can you believe we are in Session 6 already?

The sixth question we discuss is, *What about Wwmen?* The big idea is this: *Don't say, "Don't." Say, "Help."* I know of no other subject that can cause greater pleasure or greater pain. We'll talk about the power of beauty and the reality of "the beast" within the chest of every man. This is such an important topic.

### Session 6 - Warm Up:

1. Do you think the temptation of beauty will ever go away for you?

### Session 6 - Discussion Questions:

1. Men want to be faithful husbands and fathers, so why is the temptation of beauty such a struggle?
2. Why do we hide sexual sin more than other types of sin?
3. Whatever desire you struggle with, how do you know when healthy desire crosses the line into sin?

This session may really hit home men for some men. In case you or any of the men at your table need additional help in this area, we've put together a [list of helpful resources](#).

If the men in your group are moved to take action, I believe that the answers to this sixth question can radically change the trajectory of their lives.
