

IT'S TIME TO RETHINK WORK

SESSION ONE - BLUEPRINT FOR WORK

DISCUSSION QUESTIONS

1. When we look at Genesis, work is considered good from God's perspective. Yet how often do you think work is good?
2. Do you think you bear God's image as a worker?
3. How confident are you that work is still good, even though sin messed it up (like everything in the world)?
4. Jesus came to save people from being separated from their heavenly Father. We know that as Christians. But do we understand that Jesus came to redeem the junk in the world and to include work as a good thing and not a curse?
5. How much do you buy in to the idea that work is worship? What are your hang-ups of believing that, and what are the reasons if you can't completely buy in?
6. What do you need from the group to help you understand that you were created to be a worker, and God made you that way from the beginning?
